S.S.C | March 2018

Gokhale Education Society
High School, Kharghar
Percentage: -85%

CAREER OBJECTIVE

To secure a challenging position in a reputable organization to expand my learnings, knowledge, and skills.

TECHNOLOGY AND FRAMEWORK

- SQL
- GitHub
- Bootstrap
- HTML
- React.js

PROGRAMMING LANGUAGE

- C, C++
- PYTHON
- Java
- Asp.net

COURSEWORK

- Database Management System
- SQL Itvedant And Hack Rank Certificate
- Virtual Internship Programme

PROJECTS

Snake Game (HTML/CSS/JavaScript)

Developed a classic Snake game using HTML, CSS, and JavaScript. The game provides an interactive experience where players control a snake to collect food items and avoid collision with the boundaries and their own tail.

Implemented key game mechanics, including snake movement, food generation, scoring, and game over conditions.

Expense Tracker (Asp.net)

It's a basically family Expense Tracker to Track the Monthly Expenses. System Successfully Tracks all kinds of Expenses and displays the difference between Expense and Income.

STRENGTH AND SKILLS

- Communication
- Problem Solving
- Leadership
- Time Management
- Decision Making
- Creativity
- Analytical
- Public Speaking
- Quick learner
